

Bainville School Activities Expectations

It is the goal of Bainville School to provide meaningful and purposeful activities for those participating and those observing. To help ensure the safety and welfare of all at this activity please remember the following:

Be loud, Be proud, Be positive

Our student/athletes invite you to share your positive enthusiasm at our events. Please shout supportive statements to the players and cheer along with the crowd to motivate our students while they perform.

Ensure proper supervision of children throughout the entire activity

Safeguarding children is the responsibility of the parents and/or guardians. Before leaving children unsupervised, parents and guardians must carefully consider the amount of responsibility their children can fully assume.

Unsupervised children and parents will be reminded of their duty by receiving a ticket. If a child receives more than 3 tickets at an event parents will be notified of the violation and will serve a minimum of one game suspension of attendance.

Please place trash in trash cans

Please remember there is no food other than popcorn and candy inside the gym. Water, Gatorade, and pop are allowed with resealable caps. We greatly appreciate when fans discard their trash inside the trash cans at the end of our events.
