5 Suicide

6

7 The District may provide the following programs in order to prevent adolescent suicide by:
8 offering and providing help and assistance including early identification; support and/or
9 counseling by school support personnel for low-risk students; referral to appropriate sources
10 outside the school for high- and moderate-risk students; attendance to the rights of the student
11 and his/her family; and aftercare support by the school for faculty, staff, and students after a
12 sudden death has occurred.
