5 Contact With Students

6

7 Students are entrusted to the schools for educational purposes. Although educational purposes
8 encompass a broad range of experiences, school officials must not assume license to allow
9 unapproved contact with students by persons not employed by the District for educational
10 purposes. Teachers may arrange for guest speakers on appropriate topics relative to the
11 curriculum. The Superintendent may approve school assemblies on specific educational topics of
12 interest and relevance to the school program. The District normally does not permit other types
13 of contact by non-school personnel.

14

15 The District will not allow access to the schools by outside organizations desiring to use the
16 captive audience in a school for information, sales material, or special interest purposes.
