Extra-curricular Philosophy

We believe student educational experiences are enhanced through involvement in a wide-variety of student selected activities. Participation in activities encourages students to become responsible to the school, the activity, the student body, the community, and the student themselves. These experiences maximize the student's education as involvement helps to fully develop those students involved. The extra-curricular activities are considered a tool to enhance the school's education programs which strive to provide experiences that will help develop boys and girls physically, mentally, socially, and emotionally.

To help achieve a balanced education, Bainville School will provide opportunities for youth to further develop interests and talents in sports, cheer/dance, journalism, band, choir, student government, and academic-related areas. Participation in these activities should provide many students with a lifetime basis for personal values for work and leisure activities.

The activities programs should be available to all students who demonstrate an interest in participating, regardless of individual abilities. Accordingly, appropriate skill levels should be established within activities, when feasible, so that students may participate as fully as possible regardless of their initial ability levels.

Every effort shall be provided to support the activities program with safe facilities, equipment, and with qualified staff. Knowledge and skill gained through participation should be applied and developed further through involvement in the activity's program. Coaches, Activity Directors, and volunteers will teach the specific skills necessary for improvement in activities and provide guidance in the development of self-realization, good sportsmanship, cooperation, leadership, ethical behavior, artistic sensitivity and an appreciation for the importance of practice.

Leadership (coach/advisor/volunteer) should be of the highest quality to exemplify to the participants the desired type of behavior to be developed from the extra-curricular program. Measurement of leadership success should not be terms of the tangible evidence of a win/loss record, but rather the intangible personally development factors that are an outgrowth of the major objectives of the extra-curricular program.

Extra-curricular Goals

1. The extra-curricular program should develop and improve positive citizen traits among the program's participants.
2. The extra-curricular program should never place the total educational curriculum secondary in emphasis.
3. The extra-curricular program should constantly strive for the development of well-rounded individuals, capable of taking their place in modern society.
4. The extra-curricular program should provide wholesome opportunities for students to favorable habits and attitudes of social and group living.

5. The extra-curricular program should provide a superior program of student activities that include appropriate activities for every boy and girl.
6. The extra-curricular program should realize the value of participation without over emphasizing the importance of winning.

ROLE OF THE ACTIVITIES DIRECTOR

It is the belief of Bainville School the Activities Director will be a positive influence in all activity areas. The Activities Director will be responsible for the following:

1. Organization and communication of activity schedules (coaches, office, officials)
2. Organization and communication of activity transportation
3. Evaluate coaches and enhance coach opportunities within our district
4. Assist in the coach hiring process
5. Assist and organize coach education opportunities
6. Keep an accurate record of inventory, assist in ordering materials
7. Keep an accurate financial record
8. Work with the Administration team on various issues
9. Attend District/Divisional/State meetings and trainings

ATHLETIC DEPARTMENT PHILOSOPHY

All levels of athletics must learn their academic performance comes before their athletic performance. Sportsmanship both on and off the playing fields and courts are emphasized. TEAM: Together, Everyone Achieves More is paramount.

To develop success in each activity, coaches will work together to create guidelines of taught skill. . It is an expectation students moving through each level while attending Bainville School will be involved in a sequential program.

Elementary level: Skills taught in accordance with guidelines presented by the head coach of that sport. Athletes will be taught the need for discipline, responsibility, importance of classroom academic performance and behavior. Season length will be five to six weeks with practices held on Monday, Tuesday, Thursday, and Friday.

Jr. High level: Skills continue and improved from the elementary level in accordance with guidelines presented by the head coach of that sport. Opportunities will be given to all athletes who want to participate and demonstrate that want through practice and commitment. Playing time at this level will begin to lean to the more skilled player. It is our belief that the more advanced players would not be held back because of athletes that are not making a concerted effort to improve their skills. When feasible, however, games will be scheduled to enhance playing opportunities for all players.

High School Level:

JV-squad: Composed of juniors, sophomores, and freshman. Less skilled seniors may be added to the squad in order to provide adequate numbers for the squad. Players here are considered to be the best available to fill varsity positions in the coming year or may also fill varsity currently due to injury or illness. Numbers need to be manageable to be able to provide quality instruction to all players.

Varsity: Composed of what is considered by the coaching staff the most skilled and experienced players available. These athletes should have a high desire to succeed and excel.

Dual Activity:

The Bainville School District believes dual participation in athletic activities often puts a strain on other areas of the student's involvement (academic, athletic, social/emotional). Therefore, at no time may students participate in dual MHSAs activity seasons that run simultaneously with the exception of Speech, Drama, Band, and Choir.

Coaching Application/Hire Procedure

Coaching applications may be picked up at the Bainville School office or found on line at bainvilleschool.k12.mt.us

It is the goal of Bainville School to promote student involvement in extra-curricular activities. In order to support the achievement of that goal, Bainville School will follow the following guidelines in hire coaches:

- Coaches will be observed by the Activities Director (AD) throughout the season. By the time of the first regularly scheduled board meeting after the end of the season, the coach and AD will meet to discuss the evaluation of the coach's performance including further contract plans.
- The AD and or Administration will then report this recommendation at the next regularly scheduled board meeting. The school board will decide to offer a contract to the current employee or request to advertise the position.
- If the position is posted, a panel consisting of the AD, Superintendent or principal, and one teacher with either previous coaching experience or college playing experience, and/or head coach currently staffed, and/or board member will interview all applicants for the position. The panel will make a recommendation for hire to the school board prior to the start of the activity. All assistant coach positions will have the head coach as a part of the interview panel.

Team Size/Participation Limits

The following are recommended maximums for team numbers in the area of extra-curricular sports:

When teams approach the above levels, try-outs will be held.

Sub varsity programs will have one hired head coach. If participation numbers increase to thirteen (13) or more, Bainville School will hire an additional coach to serve as the assistant coach to the program.

The Intra Curricular Activities of FFA and BPA may be allowed an assistant advisor. Decisions will be made based on number of participants and availability of suitable candidate.

8th Grade Participation:

MHSA handbook, Section 5.1, page 21 has created guidelines for the use of 8th grade students in High School Competitions. The following criteria may grant 8th grade participation after MHSA guidelines for 8th grade participation is followed: an 8th grade student can only be on a varsity team and/or junior varsity team. Participation of an 8th grade student will not result in the exclusion of other eligible high school players. #3. School will determine the number of 8th grade students to utilize for their junior varsity and varsity teams, however schools must have 10 high school students participating in volleyball to field a junior varsity team (6 dedicated for varsity and only 4 high school students must participate at the junior varsity level, and schools must have 8 high school students participating in boys'/girls' basketball to field a junior varsity team 5 dedicated to varsity and only 3 high school students must participate at the junior varsity level).

The following criteria may grant 8th Grade participation after MHSA approval:

In the event Bainville School shall need to bring eighth grade students up for junior varsity or varsity competition, the following guidelines will be used:

1. Parents request to file 8th Grade Application to Play. This application may be found at the school office or online.
2. Participation of 8th grade students is necessary to field a junior varsity team or varsity team. If necessary is defined as: total high school players, total playing time opportunities, practice needs, and levels of physical, mental, educational maturity, as well as Administration recommendation.
3. If needed for varsity competition (numbers set by MHSA in Section 5.1 page 21 as above), junior high students will stop their junior high season at the start of the high school season and move to high school to get the ten (10) required practices. If not needed for varsity competition, the eighth grader(s) will finish their junior high season, then commence practicing with the high school.
 - a. In the event the junior high season begins after the start date of the high school season, the eighth grade student would forego their eighth grade season all together.
4. Best practice would be to allow eighth grade athletes to move up slowly into a high school level of play, as emphasized in the Athletic Department Philosophy section.

Missed School, Practice, or Game

Bainville School believes regular school attendance is essential to make the most of the students' education.

Absences for school-sponsored activities are excused, but students are held responsible for the work missed. In order to participate in an extracurricular activity or competitive intra-curricular,

including practice, students must be in school the full day of the event or the last full day prior to the activity if the activity falls on a non-school day or departure for the event is prior to 12 noon. Exceptions may be made by the administration when prior written communication is provided (BHS Student Handbook, pg. 10).

Co-op Agreements

Students participating in activities sponsored in a co-op agreement are expected to meet the expectations set by the cooperative school as well as maintain Bainville School expectations. There is no automatic assumption of transportation expenses for practice in another town by Bainville Public School. Generally, 5 participants will be needed for the district to consider assuming transportation costs for practice.

Current Co-op Agreements include: Speech and Drama-Culbertson; Wrestling-Sidney; Cross Country-Culbertson.

Athletic Fee

An athletic fee will be assessed to all 7th -12th grade students who choose to participate in any athletic activity (volleyball, football, cross country, basketball, track, and golf). An individual athlete will be charged \$40 for each sport. There will also be a \$100 max for each family per year. The athletic fee must be paid prior to any participation by students. *Students eligible for free or reduced lunch will be exempt from this fee.*

Concussion Protocol

It is the policy of the Bainville Public School athletic department that prior to the start of each athletic season all student athletes must complete or have completed an ImPACT baseline assessment. The ImPACT assessment establishes an athlete's "normal" cognitive baseline. When a concussion is suspected, a follow-up or "post injury" assessment is required to determine if the results have changed from the baseline. The results of the two assessments will assist in the "return-to-play" decision.

Cheer/Dance Department

Bainville School sees Cheer and Dance as an opportunity to continue to grow a positive atmosphere at school events. Cheer/Dance creates opportunities for students to promote a healthy school environment and encourages students to become involved in a creative activity.

Music Department

Bainville School will continue to offer Music classes to grades K-12. Students in grades 7-12 will be able to choose a music elective throughout their education. Students will be offered both band and choir. Both Band and Choir will offer opportunities to participate at MHSAs Festivals.

Student Government

Bainville School has many levels of school government. Classes are expected to hold elections of officers, organizations will also elect officers, and also the entire school will be governed by Student Council. Students in grades 7-11 will elect a President and Vice President, while classes and organizations will elect Student Council representatives.

Journalism

Bainville School will continue to provide students with opportunities to create interest and practices in the field of journalism. These opportunities may be found in the journalism class, where students work as staff members or editors of the school's newspaper "Blues' News," or while students work to compile the school's annual.

Academic Area Departments

Bainville School will provide extended classroom learning opportunities as planned by instructors and approved by Administration and School Board.

Meal Policy

Teams and coaches are allowed per diem funds provided by Bainville School. The present student rates are: \$6.00 breakfast, \$8.00 lunch, \$10.00 dinner; and \$8.00, \$10.00, and \$14.00 for adults.

Meals will be provided for any overnight trip. Teams will be allowed per diem for each day of post season participation and travel.

Overnight Accommodations

Teams requiring overnight accommodations will be made in clean and comfortable rooms. Teams playing in tournaments of longer than one day in duration and greater than 200 miles in distance from Bainville will merit overnight lodging. Coaches/advisors and/or administration will perform a bag check for these overnight experiences. Participants are expected to check in each bag with the supervising adult prior to leave time and bags may be subject to checks throughout the duration of the trip.

Transportation Policy

The District will provide transportation of extra-curricular activities. Teams are provided like transportation. Bainville School will expect all riders to abide by the expectations stated under the headline *Transportation* in the Student Handbook. All participants must ride provided transportation. Exceptions may be needed because of various scenarios. All exceptions must have prior approval of AD and or administration. Coaches/advisors desiring to transport athletes in their personal car must follow district policy and have prior approval of the superintendent.

Exceptions Going to an Event

- 1) The student must turn in a written request to the coach from the parent/legal guardian stating they would like their son/daughter to travel with them to an event. A brief explanation of why should be included.
- 2) The coach/advisor will then pass the request to the AD. The Activities Director will either grant or deny the exception.

Leaving After an Event

- 1) Parents/Legal guardians may secure their student(s) from school supervision at the conclusion of any away event by signing a release form with the supervising school personal.
- 2) Parents/Legal guardians wishing to release their student(s) to another responsible adult (at least 21 years or older) will need to obtain written approval by coach/advisor and AD at least 1 day prior to leaving for the contest.

Coaches or Advisors transporting students in school issued transportation, including passenger vehicles, are prohibited from using cell phones while operating the vehicle.

Family Night

According to BHS Policy, practices and meetings for High School activities will conclude no later than 6:00 pm on Wednesday nights throughout the school year. Jr. High and Elementary students will not participate in daily practice or meetings on this evening. State or conference scheduled activities are excluded from this policy. Events during Tournament weeks will be exempt from the 6:00 pm rule.
