5 Attendance Policy

6
7 To reach the goal of maximum educational benefits for each child requires a regular continuity
8 of instruction, classroom participation, learning experiences, and study. Regular interaction of
9 students with one another in the classroom and their participation in instructional activities under
10 the tutelage of competent teachers are vital to the entire process of education. This established
11 principle of education underlies and gives purpose to the requirement of compulsory schooling in
12 every state in the nation. The good things schools have to offer can only be presented to students
13 in attendance.

14
15 A student's regular school attendance also reflects dependability and is a significant component
16 on a student's permanent record. Future employers are as much concerned about punctuality and
17 dependability as they are about academic record. School success, scholarship, and job
18 opportunity are greatly affected by a good attendance record.

19
20 The Board of Trustees recognizes the need for an orderly educational process free from
21 disruption, overcrowding, and any type of violence. Therefore, the Board may, after the
22 enrollment of an in-district student, proceed with a due process hearing to exclude the student if
23 said student has been excluded from a public or private educational agency when that student has
24 exhibited behaviors within the last twelve (12) months that would be grounds for exclusion of
25 any student already enrolled at Bainville Public School.
