5 Automated External Defibrillators (AED)

6
7 The Board of Trustees of the Bainville School District recognizes that from time to time
8 emergencies may arise that justify the use of an Automated External Defibrillator (AED). The
9 Board has purchased one or more of these units for use by qualified personnel. The Board of
10 Trustees approves the use of AED units, subject to the following conditions:

- 11
- 12 1. Establish a program for the use of an AED that includes a written plan that must specify:
 - 13 • Where the AED will be placed;
 - 14 • The individuals who are authorized to operate the AED;
 - 15 • How AED use will be coordinated with an emergency medical service providing
16 services in the area where the AED is located;
 - 17 • The medical supervision that will be provided;
 - 18 • The maintenance that will be performed on the AED;
 - 19 • Records that will be kept by the program;
 - 20 • Reports that will be made of AED use;
 - 21 • The name, location, and telephone number of a Medical Supervisor designated to
22 provide medical supervision of the AED program; and
 - 23 • Other matters as specified by the Department of Public Health and Human
24 Services;
 - 25 2. Adhere to the written plan required by subsection (1);
 - 26 3. Ensure that before using the AED, an individual authorized to operate the AED receives
27 appropriate training approved by the DPHHS in cardiopulmonary resuscitation and the
28 proper use of an AED;
 - 29 4. Maintain, test, and operate the AED according to the manufacturer's guidelines and
30 maintain written records of all maintenance and testing performed on the AED;
 - 31 5. Ensure that the physician or other individual designated by the physician to supervise the
32 AED program supervises the AED program to ensure compliance with the written plan,
33 this part, and rules adopted by the District and reviews each case in which the AED is
34 used;
 - 35 6. Each time an AED is used for an individual in cardiac arrest, require that an emergency
36 medical service is summoned to provide assistance as soon as possible and that the AED
37 use is reported to the supervising physician or the person designated by the physician and
38 to the District as required by the written plan;
 - 39 7. Before allowing any use of an AED, provide the following to all licensed emergency
40 services and any public safety answering point or emergency dispatch center providing
41 services to the area where the AED is located:
 - 42 a. A copy of the plan prepared pursuant to this section; and
 - 43 b. Written notice, in a format prescribed by the DPHHS rules, stating:
 - 44 i. That an AED program has been established by the District;
 - 45 ii. Where the AED is located; and
- 46

8450

- iii. How the use of the AED is to be coordinated with the local emergency medical service system.

Liability Limitations

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability for a personal injury that results from that care or treatment.

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability as a result of any act or failure to act in providing or arranging further medical treatment for the individual upon whom the AED was used, unless the individual using the AED or the person providing CPR, as applicable, acts with gross negligence or with willful or wanton disregard for the care of the person upon whom the AED is or may be used.

The following individuals or entities are immune from civil liability for any personal injury that results from an act or omission that does not amount to willful or wanton misconduct or gross negligence, if applicable provisions of this part have been met by the individual or entity:

- a. **A person providing medical oversight of the AED program, as designated in the plan;**
- b. The entity responsible for the AED program, as designated in the plan;
- c. An individual providing training to others on the use of an AED.
