

**BAINVILLE
PUBLIC
SCHOOL
STUDENT
HANDBOOK
2016-2017**

To Students and Parents:

The Bainville Student Handbook contains information that students and parents are likely to need during the school year. The handbook is organized alphabetically by topic. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to be in harmony with Board policy. Please be aware that this document is updated annually, while policy adoption and revision is an ongoing process.

Therefore, any changes in policy that affect student handbook provisions will be made available to students and parents through newsletters and other communications. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy.

Please note that references to policy codes are included to help parents confirm current policy. A copy of the District’s Policy Manual is available in the school office.

In case of conflict between Board policies or any provisions of student handbooks, the provisions in the student handbooks are to be followed. All students and parents are expected and required to adhere and abide by all Bainville School Board policies and guidelines. Access to all policies may be obtained through the District clerk during normal business hours or online at <http://www.bainvilleschool.k12.mt.us/>.

Bainville School District does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing educational services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended.

ACADEMIC COUNSELING

Students and parents are encouraged to talk with a school counselor, teacher, principal, or superintendent to learn about course offerings, the graduation requirements of various programs, and early graduation procedures. Students in grades nine through twelve will be provided information on anticipated course offerings for the next year and other information that will help them make the most of academic and vocational opportunities.

Students who are interested in attending a college, university, or training school or pursuing some other type of advanced education should work closely with their counselor so that they take the high school courses that best prepare them. The counselor can also provide information about entrance examinations and deadlines for application, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Weighted Grading

Weighted courses are those courses specifically identified as highly rigorous upper division courses. Two different levels of weighted courses are available. Some dual credit courses taken through community colleges or tribal colleges may meet the criteria for honors courses pending administrative approval.

Those courses identified as “honors” courses are weighted as follows:

A = 4.5 B = 3.5 C = 2.5 D = 1.5 F = 0

The following specific courses are considered honors courses:

1. Physics
2. Advanced Math, Trigonometry, Pre-Calculus, Calculus, and College Algebra
3. A 3rd year of the same foreign language (i.e. Spanish 3, French 3, etc.)
4. Accounting 2 and 3

AP courses are any courses designated as AP taken via the Montana Digital Learning Academy and dual credit courses taken through a 4-year university.

The six Courses considered as AP are weighted as follows:

A = 5.0 B = 4.0 C = 3.0 D = 2.0 F = 0

In order for students to be allowed to register for AP or 4-year university dual credit classes during the academic year they must have met both of the following two requirements:

1. The student must have had an A for both of the past two semesters in the prior year class in the same academic area. For instance, a student would have to have had an A in Algebra 2 both semesters to be allowed to register for College Algebra or AP Calculus.
2. The student must have an advanced CRT score on the most recent CRT in the area in which they seek to take an AP level course. If no CRT is given in the area of the course, for instance AP Government or AP Psychology, the student must have an advanced CRT score in any area.

Awards and Honors

Students in grades 7-12 maintaining a 3.25 GPA or higher will be recognized each quarter through an honor roll. Students who achieve a 4.0 or greater will have special designation. Salutatorian and Valedictorian awards will be based on the first 7 semesters of high school. Awards will be based on GPA calculations to a .001 (thousandth-three decimal places) of a point. A Valedictorian or Salutatorian must have completed their last three semesters at Bainville Public School. An "F" in any subject bars a student from the honor roll. Purposes of the program are:

- To identify and give recognition to those students who academically excel in school at Bainville.
- To give students an added incentive to excel in school.

Plus and minus grades are not recognized in the computation of the Bainville Honor Roll, or in the computation of the Valedictorian and Salutatorian honors.

LETTER GRADE	PERCENTAGE	GRADE POINT EQUIVALENT
A	92-100%	4.0
B	83-91%	3.0
C	74-82%	2.0
D	65-73%	1.0

Class Rank is compiled from semester grades.

Each student and parent may have internet access to grades via the Infinite Campus Portal at

<https://mtstate.epm.infinitecampus.org/mtstate/portal/bainville.jsp>. Contact the office for access to parent and student usernames and passwords.

In extreme circumstances, and with the permission of administration, a teacher may elect to award a temporary Incomplete (I) to a student at the end of a grading period. The Incomplete must be changed to a final grade no later than 10 school days after the end of the official grading period.

ACTIVITY ELIGIBILITY

1. All elementary school, junior high, and high school students participating in sports and cheerleading must have a physical. Physicals must be signed by a parent and physician and presented prior to any participation by students.
2. The Bainville School District believes dual participation in athletic activities often puts a strain in many other areas of the student's high school involvement (academic, athletic, social/emotional). Therefore, at no time may high school students participate in dual MHSAs seasons that run simultaneously with the exception of Speech, Drama, Band, and Choir.
3. An athletic fee will be assessed to all 7th-12th grade students who choose to participate in any athletic activity (volleyball, football, cross country, basketball, track, and golf). An individual athlete will be charged \$40 for each sport. There will also be a \$100 max for each family per year. The athletic fee must be paid prior to any participation by students. The Activity Fee will be waived for those qualifying for free lunch.
4. Montana High School Association (MHSAs) and the Bainville School Board Policy govern high school activities of participation and eligibility (refer to Bainville School Training Rules).
5. Students who are academically ineligible may not participate in extra-curricular or intra-curricular contests, suit up for games, or travel with the team/organization. The sole exception is the full choir, full band District Music Festival which, by definition is noncompetitive.

All of the following criteria must be met for students in grades 9-12 to participate in extra and intra-curricular activities (sports, speech, drama, music, FFA, BPA):

- Weekly eligibility, no failing grades (64 percent or below) are accepted.
- Must schedule and receive a 20 minute study session from each teacher where the grade is below a C. This includes grades of D and F. Failure to attend a study session will result in an automatic detention of 30 minutes.
- Eligibility will be a cumulative 9 weeks grade taken from each teacher Tuesday morning at 8:00 A.M. per the previous week's grade(s).
- Weekly eligibility begins Wednesday at 12:00 A.M. and ends the following Tuesday at 11:59 P.M.
- A failing quarter grade will render the student ineligible for 4 ½ weeks of the next quarter. At that time regular eligibility calculation resumes.

All of the following criteria must be met for students in Junior High to participate in extra and intra-curricular activities:

- Weekly eligibility, no failing grades (64 percent or below) are accepted.
- Must schedule and receive a 20 minute study session from each teacher where the grade is below a C. This includes grades of D and F.

- Eligibility for Junior High students will be calculated on a weekly basis only.
- Eligibility will be taken from each teacher Tuesday morning at 8:00 A.M. per the previous week's grade(s).
- Weekly eligibility begins Wednesday at 12:00 A.M. and ends the following Wednesday at 11:59 P.M.

ADMISSION OF STUDENTS

In-District Students

New students living within the Bainville School District must present all previous school records, including Special Education, 504, IDEA, proof of identification and date of birth, and parent/guardian approval. Students will be subject to placement/grade based on review of records. The Board of Trustees of Bainville District #64D recognizes that the educational need of its resident students include the need for an orderly educational process free from disruption, overcrowding, and any kind of violence or disruptive influences. In-District students applying for admission, who have been excluded from other public or non-public educational agencies, may pose a considerable disruption to the educational process already established at Bainville School.

Bainville School District #64D may deny admission to an in-District student who has been excluded from another educational agency and/or exhibited behaviors in the past 12 months that would be grounds for exclusion of any student already enrolled in the Bainville School System.

Should the administration feel that a student falls within these guidelines and is denied admission, a recommendation will be made to the School Board that the individual student not be admitted as a student in the Bainville Public School System. At this time, the Board of Trustees will render a decision.

Out-of-District Students

Students who live outside the Bainville School District #64D and seek enrollment must fulfill the same admission requirements as outlined for In-District Students, and additionally must:

- be in good standing with the previous school, or with the handbook during the previous year in the Bainville School District.
- be on schedule to graduate (High School students)
- have a good attendance record in either the previous school or during the previous year in Bainville.
- Have a behavioral record that supports academic success.
- not have been out of school for more than 10 academic/calendar days on the Bainville School calendar.
- Complete an application form for out-of-district students
- Have application approved by the Board of Trustees
- Out-of district enrollment is subject to yearly board approval (BBP 3141). Placement is at the discretion of administration. As a rule of thumb, to be registered as a sophomore, a student must have earned six (6) credits, as a junior twelve (12) credits, and as a senior eighteen (18) credits.

Students 18 years or older may be subject to a background check. Out-of-District student admission is subject to the approval of administration, and ultimately of the Board of Trustees.

Out-of-State Students:

Students from North Dakota, who desire to enroll in Bainville School District, must fulfill the same admission requirement as outlined above. Students who have been granted permission to attend Bainville School District #64D will not be required to pay tuition; except in those circumstances where required by law. In such circumstances, the amount of tuition will be set at the amount provided by law or (if allowed) at an amount set by the Board of Trustees.

The District of residence for any North Dakota students who wish to attend Bainville School District #64D will be required to pay tuition in the amount established under the Reciprocal Agreement between Montana and North Dakota. In the absence of a Reciprocal Agreement, the tuition amount must be mutually agreed upon between Bainville School District #64D and the North Dakota District as a pre-condition of attendance by any resident of that North Dakota District.*

*Note: This policy applies only for initial enrollment AFTER July 1, 1998. This policy does not apply to any students currently enrolled at School District #64D, as the adoption of this policy and the tuition arrangements for those students will continue to be structured as they have been in the past during their attendance at Bainville School District #64D.

ATTENDANCE

(See policies 3122 & 3122P)

Regular school attendance is essential for the student to make the most of his or her education to benefit from teacher-led activities, to build each day's learning on that of the previous day, and to grow as an individual.

State law requires:

- A student between the ages of 7 and 16 **must** attend school unless the student is otherwise legally exempted or excused. A student who voluntarily attends or enrolls after his or her sixteenth birthday is required to attend each school day.

School employees must investigate and report violations of the state compulsory attendance law. **A student absent from school without permission, from any class or from required special programs, will be considered truant and subject to disciplinary action.** Truancy may also result in assessment of a penalty by a court of law against the student and his or her parents.

Activities or Planned Absences (Excused)

It is the student's responsibility to notify teachers and office prior to being absent. Advanced Makeup Slips (available in the office) need to be completed by students prior to planned school events or planned personal absences. Students are responsible to complete this process and keep a copy of the makeup slip to work from. Teachers may require the work to be completed and turned in prior to departure. If not requested by a teacher, students will have one (1) day to make up work for each day missed plus one (1) day, upon return.

Absences for school-sponsored activities are excused, but students are held responsible for the work missed. In order to participate in an extracurricular activity, including practice, students must be in school the full day of the event or the last full day prior to the activity if the activity falls on a non-school day. Exceptions may be made by the administration when prior written communication is provided.

Missed work assignments during any absence, excused or unexcused, will be accepted at full credit unless turned in late. The following are valid excuses for absence and tardiness and will not be counted toward the ten (10) day/class rule:

1. Participation in school-approved activity - To be excused, this absence must be authorized by a staff member and the affected teacher(s) must be notified prior to the absence, unless it is clearly impossible to do so.
2. Absence caused by illness, health condition, or family emergency - When possible, the parent is expected to notify the school office on the morning of the absence and send a signed note of explanation with the student upon his/her return to school. A student shall be allowed **one (1) makeup day for each day of absence plus one (1) day.** (Ex.: miss 2 days-get 3 days to make up work). “Emergency” shall be defined as unforeseen and unexpected circumstances which create an air of crisis or extreme need. Such circumstances must present a grave and clear danger which could result in irremediable harm or immediate disaster. Days where students absences are supported by a valid medical professional’s note will not count toward the 10 days of absences (see 10 day rule below). Medical documentation needs to be submitted within two weeks of the absence.
3. Absence resulting from disciplinary actions or short-term suspension - Students who are removed from a class or classes as a disciplinary measure, or students who have been placed on short-term suspension, shall have the right to make up assignments or exams missed during time they were denied entry to the classroom. If the work is not turned in on or before the allotted due date (one (1) makeup day for each day of absence plus one (1) day) no credit will be issued.

Extended illness or health condition - If a student is confined to home or hospital for an extended period, the school shall arrange for the accomplishment of assignments at the place of confinement whenever practicable. If the student is unable to do his/her schoolwork, or if there are major requirements of a particular course which cannot be accomplished outside of class, the student may be required to take an incomplete or withdraw from the class without penalty. After an extended medical absence, the process for returning to school will be determined by administration. It is the responsibility of the parent to initiate conversation with administration to facilitate process prior to the student’s return. A doctor’s release may be required.

Excused absence for chronic health condition - Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program. The student and his/her parent shall apply to the Superintendent or Counselor, and a limited program shall be written following the advice and recommendations of the student’s medical advisor. The recommended limited program shall be approved by the Superintendent. Staff shall be informed of the student’s needs, though the confidentiality of medical information shall be respected at the parent’s request. Absence verified by a medical practitioner may be sufficient justification for home instruction.

College Trips 11-12 The District will accept not responsibility for students visiting a college. It is the policy of BPS to allow juniors/seniors to arrange for two (2) days per year for college visitation that will not count against the 10 excused days. The days must be prearranged with the counselor and verified by the school counselor BEFORE and AFTER the trip for the days to be allowed.

Unexcused Absences

1. Absence without permission or knowledge of parent/guardian, or leaving school without checking out.

2. Student must present work upon return. Tests must be taken upon return.
3. Students who are truant will be subject to in-school suspension:
 - a. 1st offense = 1 day
 - b. 2nd offense = 2 days
 - c. 3rd offense = 3 days

Ten-(10)-Day/Class Rule

Regular attendance at school is vitally important to students' academic success. All absences, excused or unexcused count toward the allowed 10 days allowed each semester with the exception of absences for school sponsored activities and absences for periods that are supported with a valid doctor's note. Those will not count toward the 10 days. When students have been absent for 10 days/class periods, parents may request a meeting with the student, parents/guardians, and the attendance committee to discuss any disputed absences.

For every day the student is absent above the 10 days/class periods allowed, two (2) percentage points will be deducted from the final grade. Again, absences for school sponsored activities and absences for periods that are supported with a valid doctor's note will not count toward the 10 days.

Students are expected to be in class on time. When a student's tardiness becomes frequent or disruptive, the student shall be referred to the Administration or Counselor. If counseling, parent conference, or disciplinary action is ineffective in changing the student's attendance behavior, the student may be suspended from the class.

Students who are tardy may serve noon or after-school detention, or suspension depending on the number of tardies accumulated. Three (3) unexcused tardies will constitute one (1) unexcused absence. These unexcused absences WILL count toward the ten (10) day/class rule and may cause a student to lose credit or lose percentage points on the class(es) grade.

A tardy in the high school/junior high is defined by any student who is less than 15 minutes late for class. After 15 minutes, the student will be counted absent in that class. In the elementary, a student will be counted absent after 10:00 am in the morning, and 2:00 pm in the afternoon.

All sanctions imposed for failure to comply with the attendance policies and procedures shall be implemented in conformance with state and District regulations regarding corrective action or punishment.

ASBESTOS NOTIFICATION

ANNUAL ASBESTOS NOTIFICATION TO PARENTS, STUDENTS, AND EMPLOYEES OF THE BAINVILLE SCHOOL/SCHOOL DISTRICT

(Required by the *Asbestos-Containing Materials in Schools Rule*, §§ 763.84(c) and 763.93(g)(4))

In 1986, Congress enacted the *Asbestos Hazard emergency Response Act (AHERA)* to require public and private, secondary and elementary schools to identify ACBM (asbestos containing building materials) in their school buildings and take appropriate actions to control the release of asbestos fibers. In 1987, the US Environmental Protection Agency finalized a regulatory program which enforces *the AHERA* mandate. These regulations are incorporated within the *Asbestos-Containing Materials in Schools Rule* (40 C.F.R. Part 763, Subpart E).

In compliance *with the Asbestos-Containing Materials in Schools Rule*, Bainville School has its school buildings inspected by an asbestos inspector, accredited by the State of Montana every three years. The most recent re-inspection was completed in July 2011. The purpose of the reinspection is to identify any of suspected ACBM. The type, condition, and location of this ACBM was noted. Samples to confirm the presence or absence of asbestos are taken as needed of some or all of the suspect ACBM. Suspect ACBM not sampled is assumed and treated as if they contain asbestos.

Bainville School has developed an Asbestos Management Plan by an asbestos management planner, accredited by the *State of Montana*. *The Asbestos Management Plan(s) includes a description of the maintained in condition ACBM that will not pose a threat to the health of our students and employees.* This Plan describes past response actions taken to abate ACBM, as well as response actions planned for the future. The Asbestos Management Plan(s) provide information on the periodic monitoring of the condition of ACBM remaining in our school buildings through triennial reinspections, conducted by accredited asbestos inspectors, and through semiannual surveillance, conducted by trained school maintenance staff.

All asbestos within the Bainville School has been properly removed, capped, and disposed of by a state licensed and accredited abatement contractor. The documentation of the project is part of the Asbestos Management Plan.

A copy of the Asbestos Management Plan is available for your review in the School District administrative office during regular office hours.

BULLYING/HARASSMENT/INTIMIDATION/HAZING

Bullying, harassment, intimidation, or hazing, by students, staff, or third parties, is strictly prohibited and shall not be tolerated.

All complaints about behavior that may violate this policy shall be investigated in a timely manner. Retaliation is prohibited against any person who reports or is thought to have reported a violation, who files a complaint, or who otherwise participates in an investigation or inquiry.

[See policy 3226 for further information]

A Harassment Reporting Form is available at the back of this handbook.

CAFETERIA SERVICES

Bainville School provides a free breakfast daily from 7:50 – 8:22 A.M. No breakfast items can be eaten outside of the cafeteria.

The District participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. A letter to the parents, instructions for application, and the form is included at the end of this handbook.

Please take the time to fill out the Free and Reduced lunch form and return it to the office.

CELL PHONES AND OTHER ELECTRONIC EQUIPMENT

Student possession and use of cellular phones, pagers, iPods, and other electronic devices on school grounds, at school-sponsored activities, and while under the supervision and control of District employees is a privilege which will be permitted only under the circumstances described herein. At no time will any student operate a cell phone or other electronic device with video capabilities in a locker room, bathroom, or other location where such operation may violate the privacy right of another person.

Cellular phones, pagers, and other electronic devices must be kept out of sight and turned off during the instructional time. Cell phones may be used between classes, before and after school, and during lunch. Private or personally owned internet capable devices, including cell phones also fall under the Acceptable Use Policy and that policy must be followed. Administration reserves the right to rescind this privilege at any time.

While teachers may authorize the use of cell phones in their classroom for instructional purposes, unauthorized use of such devices as deemed by the teacher disrupts the instructional program and distracts from the learning environment. Therefore, unauthorized use is grounds for confiscation of the device by school officials, including classroom teachers. Confiscated devices will be returned under the following conditions:

1st offense: Warning to student and returned at the end of the day

2nd offense: 30 minutes of detention and parent must retrieve the phone

3rd offense: Day of ISS and student must check phone into the office each day until the end of the semester.

Successive offenses: At discretion of administration

All electronic equipment with wireless capabilities is required to be registered at the school office if brought into the building.

CLOSED CAMPUS

The school is a closed campus facility, and a student must remain in school during school hours. The lunch menu is posted; therefore, students have ample time to bring lunch if the menu is not to their liking on a given day. See "Student Driving" for more information.

COMMUNICABLE DISEASES/CONDITIONS

To protect children from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of a student with a communicable or contagious disease should phone the Superintendent so that other students who may have been exposed to the disease can be alerted. These diseases include, but are not limited to:

Amebiasis	Hepatitis	Rubella (German Measles), including congenital
Campylobacteriosis	Influenza	
Chickenpox	Lyme disease	Salmonellosis
Chlamydia	Malaria	Syphilis
Colorado Tick Fever	Measles (Rubella)	Scabies
Diphtheria	Meningitis	Shigellosis

Gastroenteritis	Mumps	Streptococcal disease, invasive
Tuberculosis	Giardiasis	Pinkeye
Hansen's disease	Ringworm of the scalp	Whooping Cough (Pertussis)

[Further information may be found at policy 3417 in the District's Policy Manual]

COMMUNICATION

The district uses multiple avenues for communication with student parents and guardians. The school website can be found at www.bainvilleschool.k12.mt.us. The district has three facebook pages: Bainville Public School, Bainville Athletics and Bainville FFA Chapter, Bainville Music, Bainville BPA. Please "like" all those pages so you can get any updates posted.

To receive the daily announcements via email, contact the front office at lgable@bainvilleschool.k12.mt.us and request to be added to the email list.

The lunch menu, staff email, monthly and yearly calendars are available on the website as well as updates on the various Facebook pages. The most current updates will be through the daily announcements.

Emergency information will be communicated through the District's emergency contact system, One Call. Please contact the office at 769-2321 to be added to that communication avenue. To receive One Call texts instead of voicemails on your cell phone, please text ALERT to 22300.

COMPLAINTS BY STUDENTS/PARENTS

Usually student or parent complaints or concerns can be addressed simply by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a uniform complaint procedure policy at 1700 in the District's policy manual. In general, a parent or student should first discuss the complaint with the individual involved. If unresolved, a written complaint and a request for a conference should be sent to the Principal and the Superintendent. Under some circumstances, the District provides for the complaint to be presented to the Board of Trustees in the event the matter cannot be resolved at the administrative level.

Some complaints require different procedures. The Superintendent's office can provide information regarding specific processes for filing complaints. Additional information can also be found in the designated Board policy, 1700, available in the Superintendent's office.

COMPUTER RESOURCES

To prepare students for an increasingly computerized society, the District has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Parents will be asked to sign a user agreement

(Acceptable Use Policy at the end of this handbook) regarding use of these resources by their child(ren); violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and parents should be aware that electronic communications (e-mail) using District computers are not private and may be monitored by District staff.

[For additional information, see policy 3612]

CONDUCT

Applicability of School Rules and Discipline:

To achieve the best possible learning environment for all students, Bainville School rules and discipline will apply

- On, or within sight of, school grounds before, during or after school hours or at any other time when the school is being used by a school group;
- Off school grounds at a school sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- Traveling to and from school or a school activity, function or event; and
- Anywhere, if the conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member, or an interference with school purposes of an educational function.

[For additional information, see policy 3310]

CORRESPONDENCE, ON-LINE, DUAL CREDIT or COLLEGE CREDIT/ EARLY ENTRY COURSES

High School Credit Options

The District permits high school students to take courses outside of those generally offered at Bainville Public School for credit toward high school graduation. All courses taken for credit must be approved in advance by the administration. One of the two following criteria must be met: the course is not offered by Bainville Public School or the course is offered by Bainville Public School, but will not fit into the student's schedule and will impact graduation. These courses are typically offered through the Montana Digital Academy, Odysseyware, or other acceptable alternatives provided by the district. These options result in high school credit recorded on the transcript, become part of the student's permanent record, and will be used in computing the student's grade point average and activity eligibility based on the grading scale used by the district.

Honors Courses

The Board of Trustees is in concurrence with the idea fueling Honor Courses for all high school students at Bainville Public School. Students enrolled in Honor Courses must be in good standing academically, and must be enrolled as a full-time student at Bainville High School. A high school class, live or on-line or a Dual Credit

college course may qualify to be an honors level class. For grading information refer to “academics – Weighted Grading.”

Dual Credit Courses

The District will strive to offer Dual Credit courses where students may earn both college and high school credit. These classes are a regular part of the student day, taught by college approved Bainville teachers, will be placed on the transcript based on the grading scale used by the District, will count toward grade point averages and activity eligibility.

The Board of Trustees is in concurrence with the idea fueling “Dual Credit” for all high school students at Bainville Public School. Students enrolled in “Dual Credit” must be in good standing academically, and must be enrolled as a full-time student at Bainville High School. A dual Credit Class may qualify to be recorded at an honors level. Each course will be evaluated by the administration. For grading information, refer to “Academics – Weighted Grading.”

The District will reimburse the tuition associated with approved courses providing all of the following criteria are met:

- The timeline for course completion as established by either the sponsoring entity or the District is met;
- The student achieves a passing grade based upon the grading scale used by the District; and
- The District has received the grade before graduation.

Should any of these stipulations not be completed, the District will not reimburse the parents of the student(s), or whoever advances funds for the course(s).

All approved coursework will be recorded on the student’s transcripts and will become part of his/her permanent record. The grade will also be used in computing the student’s grade point average and activity eligibility.

Early Entry-Post Secondary Credit

The District also offers independent coursework through agreements with many two and four year colleges and university systems and any other OPI approved accredited college which and lead to post-secondary (college) credits. These offerings need to be arranged with the district in advance of enrolling if the student wants to have time to work on the coursework during the regular school day. Once arranged, a course is part of the student’s schedule day. These courses might not be placed on the transcript, but will count toward eligibility and grade point averages.

The District will reimburse the tuition [other expenses such as application fees and textbooks are not reimbursable] associated with pre-approved courses resulting in college credit providing the following criteria are met:

- The timeline for course completion as established by either the sponsoring entity and/or the District is met.
- The student achieves a passing grade based upon the grading scale used by the District; and
- The District has received the grade before graduation.

Advanced Placement

Advanced Placement (AP) courses are available to Juniors and Seniors. These classes will be on an AP Grading Scale (see Weighted Grading). Students may elect to take the AP exam after completing the AP course. Successful completion of the exam leads to college credit at most colleges nationwide.

Students may choose to take an AP exam without enrolling in the associated Advanced Placement course. They must be enrolled or have completed the equivalent high school course to be eligible for the exam. For instance, a student who takes English IV may take the AP Literature and Composition Exam.

All exams are at student expense. Student interested in taking an AP exam should coordinate with the counselor by March 1.

DANCE RULES

1. Attendance at high school social events and dances shall be limited to high school students, and middle school social events shall be limited to middle school students, unless prior permission is received from administration.

3. All dances must be chaperoned by representatives of both the Bainville Public School staff and parents.
4. Admittance to dances will be allowed only for one hour after the scheduled start of the dance. Once admitted, students are to remain at the dance except for emergency reasons. Those who elect to leave before the scheduled end of the dance will not be re-admitted.

The student will not be allowed to leave until parent/guardian/parental designee is present. If testing finds alcohol in beverage at any dance, beverage will be removed and students may again be breathalyzed at dance supervisor's discretion. Consequences for violation: A minimum of a three (3) day suspension, with the consequences for a suspension in force (see page 30) and the student will not allowed to attend the next dance.

DIPLOMA

The Board of Trustees has authorized two Diplomas: A regular diploma which signifies that the student has met all state and local requirements for graduation, and an honors diploma which is given to students who complete the regular graduation requirements plus complete the following expectations:

DRESS AND GROOMING

K-12:

Bainville School strives to promote a learning environment which is safe, healthy, positive, and free of distractions so teachers may teach and students may learn. Students and staff have the right to work and learn in an environment free of harassment issues, hostile environment issues, illegal substance use/abuse issues, and weapons issues. Clothing which does not promote a safe and healthy lifestyle and a positive classroom environment, cannot be worn to school.

Rules specific to 7-12:

1. No head gear from 8:00 AM-3:45 PM (this includes hats, hoods, bandanas, beanies, etc.)
2. No strapless or spaghetti strap tops/dresses (straps must be at least 2" in width)
3. No "short shorts" or "micro/mini skirts" (inseam must be at least 5" and past the fingertips)
4. No clothing bearing derogatory messages (such as, but not limited to race, sex, ethnics, religion, gender, violence, drugs, alcohol, or profanity).
5. No visible undergarments or pajamas
6. No inappropriate skin visible (midriffs, underarms, backside, cleavage, etc.)

Note: Questionable attire will be at the professional judgment of Bainville School staff and administration.

Extra-Curricular Activities

When students travel out-of-town to school-sanctioned activities, they represent our school and community, and are asked to "dress up". The teacher/coach/advisor will be responsible for student dress and appearance. An example of appropriate dress may include, but is not limited to:

Dress pants, slacks, khakis
Shirts, blouses, sweaters
Collared shirts that are neat and clean
Shirts tucked in, buttons buttoned

Shoes appropriate for the weather

During inclement weather/winter weather, students should take appropriate outer wear such as heavy coats, gloves, mittens, boots, blanket and/or pillow, head gear, etc.

No jeans and t-shirts please, unless specified as part of dress apparel by the teacher/coach/advisor.

DRUG DOG INSPECTIONS

Our school district has a contract with Montana Interquest Detection Canines to conduct periodic inspections of our campus. These inspections will be carried out by a nationally certified canine and handler.

These units are specially trained to find contraband items that include illegal drugs, gunpowder related items, alcoholic beverages, and over-the-counter and prescription medication.

Student lockers, classrooms, locker rooms, athletic facilities, commons areas, vehicles, desks, backpacks and any other articles on school property are subject to inspections.

All inspections will be conducted within the scope of law and with the knowledge of the student.

DUAL ACTIVITY IN A SEASON

The Bainville School District believes dual participation in athletic activities often puts a strain on other areas of the student's involvement (academic, athletic, social/emotional). Therefore, at no time may students participate in dual MHSAA activity seasons that run simultaneously with the exception of Speech, Drama, Band, and Choir.

EMERGENCY SAFETY

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school will need to have written parental consent to obtain emergency medical treatment and information about allergies to medications, etc. Therefore, parents are asked each year to complete an Emergency Care Consent Form found at the back of this handbook. Parents should keep emergency care information up to date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the office to update any information.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other District employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency School-Closing Information

All students, parents, and school employees should assume that school will be in session and buses running as scheduled, unless there is official notification from the Superintendent to the contrary. Such notice will be given via One Call and public media if time permits.

FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, notebooks, etc. and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extra-curricular activities
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.

An athletic fee will be assessed to all 7th-12th grade students who choose to participate in any athletic activity (volleyball, football, cross country, basketball, track, and golf). An individual athlete will be charged \$40 for each sport with a \$100 max. There will also be a \$100 max for each family. The athletic fee must be paid prior to any participation by students. Students who qualify for free/reduced lunch are exempt from this fee.

Any required fee or deposit may be waived if the student and parent are unable to pay. Requests for such a waiver may be made to the Superintendent.

If a student or parent does not pay an outstanding fee from the previous year, report cards will not be sent home until the fees are paid. Additionally, students will not be allowed to register for classes until the fee has been paid or arrangements have been made with the Superintendent to rectify the situation. If the student is a

graduating senior his/her Bainville School transcript will be held until the fees are paid.

GENERAL OFFICE HOURS

Main Office hours are Monday-Thursday, 7:30 A.M.-4:30 P.M.
Friday 7:30 A.M. – 3:30 P.M.

At 8:35 A.M. the doors will be locked. The only unlocked doors will be the front main entrance doors by the main office. There is a phone in the main office for students' use. The purpose of this phone is strictly for parental/guardian contact. When parents/guardians call the school, messages will be taken for a return call during non-instructional time. If it is an emergency, a student will be pulled from class. We do not relay messages from non-parents calling for non-family business, nor do we acknowledge that the student attends this school for privacy and safety reasons.

GRADUATION

To graduate from Bainville High School, a student must have satisfactorily completed the last quarter prior to graduation as a senior (12th grade equivalent) student.

A student may be denied participation in graduation ceremonies. Such exclusion will be regarded as a school suspension. In such instances the diploma will be awarded after the official ceremony has been held.

Students shall be expected to earn a total of 25 units in order to complete graduation requirements. Special education students who have successfully completed their IEP leading to completion of high school will be awarded a diploma.

Foreign exchange student requirements can be found in policy 3145. Further information on commencement exercise participation can be found in policy 2333.

Early Graduation

Students wishing to graduate early from Bainville High School must meet all of the graduation requirements as set forth by the State of Montana and the Bainville Board of Trustees.

A written request must be presented to the Superintendent on or before the first day of school of the senior year. If the student making the request is less than eighteen years of age, the request must be made by the student's parent(s) or legal guardian(s). The request will be submitted to the Board for consideration. The decision of the Board is final.

HOMELESS STUDENT RIGHTS

Renee Rasmussen
Homeless Liaison
Bainville Public School
Box 177
Bainville, MT 59212

Our school and school district provide equal access and comparable services to all students. For information on program available to homeless students, please contact the above liaison.

HOMWORK

Homework is a constructive tool in the teaching/learning process when geared to the needs and abilities of students. Purposeful assignments not only enhance student achievement, but also develop self-discipline and associated good working habits. As an extension of the classroom, homework must be planned and organized, must be viewed as purposeful to the students, and should be evaluated and returned to students in a timely manner.

Teachers may give homework to students to aid in the students' educational development. Homework should be an application or adaption of a classroom experience, and should not be assigned for disciplinary purposes.

IMMUNIZATIONS

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student will not be immunized. The immunizations required are diphtheria, pertussis, rubella (measles), rubella, mumps, poliomyelitis and tetanus. Haemophilus influenza type B is required for students under age five (5). Newly added by the legislature in 2015 is the requirement for a varicella immunization.

A student who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of the immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, the District must receive the original immunization records for the student who transfers into the District.

If a student's religious beliefs conflict with the requirement that the student be immunized, the student must present a statement signed by the student (or by the parent, if the student is a minor) stating that immunization conflicts with the beliefs and practices of a recognized church or religious denomination of which the student is an adherent or member. This statement must be renewed yearly.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a Montana licensed physician stating that, in the doctor's opinion, the immunization required would be harmful to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

[For further information, see policy 3413]

INSURANCE, STUDENT

The Bainville school district pays the premium for a "school-day-all student" basic medical insurance policy. This policy is secondary to whatever medical or whatever health insurance the family/insurance may have.

Once the students' family plan has paid its limit, the district's insurance carrier will be applied to the balance of the medical costs. All remaining medical costs, after the district's insurance has been applied, will be the responsibility of the student's parents/guardians. A family without a health insurance plan should consider some type of student insurance which can be obtained at a modest cost.

Any student injured at school must report the injury immediately to school personnel.

LAW ENFORCEMENT

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The Superintendent will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student.
- The Superintendent ordinarily will make reasonable efforts to notify parents unless the interviewer raises what the Superintendent considers to be a valid objection.
- The Superintendent ordinarily will be present unless the interviewer raises what the Superintendent considers to be a valid objection.
- The Superintendent and the Principal will cooperate fully regarding the conditions of the interview if the questioning or interview is part of a child abuse investigation.

Students Taken into Custody

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Montana Department of Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Montana Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the Superintendent will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The Superintendent or the Principal will attempt to notify the parent unless the officer or other authorized person raises what the Superintendent considers to be a valid objection to notifying the parents. Because the Superintendent does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

School Safety Laws

- Gun-Free Schools
An Act Prohibiting the Possession or Consumption of Tobacco Products by Minors (HB 457 from Montana Legislature 1995)
Minors in Possession (SB 64 from the 1995 Montana Legislature 1995)

A copy of each of the above is on file in the office. The summary and consequence to all of these above is

Threats of bodily harm against Staff or students will not be allowed and will be reported to the proper law enforcement officials. Consequences range from suspension, expulsion, notification of law enforcement.

There is no expectation of privacy given to anyone using school property for storage of personal items in school lockers or athletic lockers. Further, the school reserves the right to have illegal substance, weapons, and contraband searches, which may include law enforcement. This would apply but not be limited to: book bags, back packs, clothing, vehicles, lockers, etc., on school property.

LOCKERS

Junior High and High School students will be issued both an academic locker and gym locker. Lockers are assigned for the purpose of storing necessary school and personal items. No over the counter medications i.e., acetaminophen, ibuprofen, antihistamines, etc, or over the counter dietary supplements are to be stored in either locker. With a medical note, any of the above may be stored in the office and accessed by students. Lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

The school will not distribute any kind of medication (aspirin, ibuprofen, acetaminophen, etc.) to students except in the case of an emergency and with parent authorization. The district will have some generic medications available for student use with parental permission.

[For further information, see policy 3416 and 3416F]

PROMOTION AND RETENTION

It is the philosophy of the District that students thrive best when placed in or promoted to grade levels with other students of compatible age, physical, social, and emotional status. It is the District's philosophy to promote students who demonstrate effort within those compatibilities. It is equally the District's philosophy and practice to retain students who do not make a reasonable effort to meet grade-level expectations, as long as those expectations are commensurate with the individual student's ability and rate of learning.

PROTECTION OF STUDENT RIGHTS

Surveys

Parents have the right to inspect any survey or evaluation and refuse to allow their child to participate in such survey or evaluation.

Instructional Materials

Parents have the right to inspect instructional materials used as a part of their child's educational curriculum, within a reasonable time. This does not include academic tests or assessments.

Collection of Personal Information from Students for Marketing

The District will not administer or distribute to students any survey or other instrument for the purposes of collecting or compiling personal information for marketing or selling such information, with the exception of the collection, disclosure, or use of personal information collected for the exclusive purpose of developing, evaluating, or providing educational products/services for, or to, students or educational institutions.

Pursuant to federal law, the District will not request, nor disclose, the identity of a student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following:

RELEASE OF STUDENTS FROM SCHOOL

A student will not be released from school at times other than at the end of the school day except with permission from administration or designee and according to the building sign-out procedures. Unless administration has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

A student who will need to leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the office. The administrator or office will decide whether or not the student should be sent home and will notify the student's parent.

REPORT CARDS, PROGRESS REPORTS, AND CONFERENCES

Written reports of student grades or performance in each class or subject are issued to parents at midterm and at the end of every nine (9) weeks. A school-wide parent/teacher conference night is scheduled once per semester. Parents may schedule conferences at any time during the school year by making a request to the teacher and are encouraged to do so.

SCHOOL STORE

SCHOOL SPONSORED TRIPS

Student participation on intra and extracurricular trips is subject to eligibility requirements. (See Activity Eligibility.) Students participating in school sponsored trips, whether for the day or overnight, are regarded by Bainville School and the public as representatives of the school system. As representatives of the school system, public image is projected by the conduct, the attitudes and the reputations of those students who take a leading role in intra- and extra-curricular activities. Therefore, student participants must comply with rules of the school system, the rules of their coaches or advisors, and the civil laws of society.

Student conduct on any school sponsored trip that does not adhere to the reasonable standards established will be dealt with in a timely manner by the coach/advisor and administration. Student misbehavior on school sponsored trips may lead to student suspension from participating in school sponsored trips. Parents will be notified of any incident concerning their child on a school sponsored trip by the coach/advisor and/or administration.

Opportunities may occur for junior high students to attend high school co-curricular, intracurricular and/or extracurricular overnight events. Consideration for approval will be made on a case by case basis by administration at the request of the advisor or coach. And additional chaperone may be required in the event that junior high and high school students are traveling together overnight.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are not encouraged to store items of value within their lockers. Bainville School District is not responsible for the loss, damage, or theft or any personal items stored within students' lockers.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Searches may also be conducted, whether or not a student is present, at random, in accordance with law and District policy. See policy 3231.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student. A student has full responsibility for the security of his or her vehicle and must make certain that it is locked and that the keys

are not given to others.

Drug Detection Dogs

The Superintendent may request the assistance of law enforcement personnel or private individuals to conduct inspections and searches through the use of specially trained dogs.

SEMESTER TESTS/PROJECTS

A semester test or project is required in each high school course offered by Bainville High School faculty in which students are eligible to earn up to one half (.5) credit. Semester tests will be completed during the last week of each semester. Semester projects may be ongoing throughout the semester and finalized during the last week of each semester. The semester tests or projects will account for 10% of the semester grade.

SEXUAL HARASSMENT/SEXUAL DISCRIMINATION

The District encourages parental and student support in its efforts to address and prevent sexual harassment and sexual discrimination in the public schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher, Counselor, Superintendent or Title IX coordinator .

Equal educational/employment opportunities shall be available for all students and staff without regard to race, color, national origin, ancestry, sex, ethnicity, language barrier, religious beliefs, physical and mental handicap or disability, economic or social conditions, or actual or potential marital or parental status. Any student or staff member may file a discrimination grievance using the uniform grievance procedure located in the back of this handbook.

Sexual harassment is a form of sex discrimination and is prohibited in the District. An employee, student, or agent of the District engages in sexual harassment whenever he/she makes unwelcome advances, requests sexual favors, or engages in other verbal, non-verbal, or physical conduct of a sexual or sex-based nature. If you feel you have been the object of any form of harassment, please contact the District's Title IX coordinator:

Rhiannon Beery
Title IX Coordinator
Bainville Public School
Box 177
Bainville, MT 59212
406-769-2321

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or a District employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and District employees with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense.

The District will notify the parents of all students involved in sexual harassment by student(s) when the allegations are not minor, and will notify parents of any incident of sexual harassment or sexual discrimination by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A complaint alleging sexual harassment by another student or sexual harassment or sexual discrimination by a staff member may be presented by a student and/or parent in a conference with the Superintendent or with the Title IX coordinator. The parent or other advisor may accompany the student throughout the complaint process. The first conference with the student ordinarily will be held by a person of the same gender as the student. The conference will be scheduled and held as soon as possible. The Superintendent or Title IX coordinator will conduct an appropriate investigation. The student will not be required to present a complaint to a person who is the subject of the complaint.

If the resolution of the complaint by the Title IX coordinator is not satisfactory to the student or parent, the student or parent may, within fifteen calendar days, request a conference with the Superintendent.

Prior to or at this conference, the student and/or parent must submit the complaint in writing and must include (1) a complete statement of the complaint, (2) any evidence supporting the complaint, (3) a statement about how the matter should be resolved, (4) the student's and/or parent's signature and the date of the conference with the Superintendent or the Title IX coordinator.

If the resolution by the Superintendent is not satisfactory, the student and/or parent may present the complaint to the Board, in writing, within 15 days of receiving the Superintendent's decision. Following the receipt of the appeal, the matter shall be placed on the agenda at the next regularly scheduled Board meeting. Information on the procedure for addressing the Board can be obtained from the Superintendent's office. For more information about the District's complaint procedure, see Policy 1700.

A "Harassment Reporting Form for Students" may be found in the back of this handbook.

STUDENT DISCIPLINE

Infractions regarding student discipline will be handled through consequences of detention, in-school suspension (ISS), out-of-school suspension (OSS), and expulsion. Parents will be notified.

The amount of ISS served by the student will vary depending on the frequency and severity of the infraction. Parents will be notified.

Students will serve out of school suspension (OSS) for infractions that are severe in nature, threaten the safety and welfare of others, or cause injury. Parents will be notified. Law enforcement may also be involved.

The Superintendent will determine if expulsion is necessary. Policy will be followed regarding an expulsion hearing with the Board of Trustees.

Discipline for Office Referrals

1ST Occurrence: Minimum consequence – student(s) may receive a zero for the class plus one detention – 30

minutes noon or after school. If insubordinate, disrespectful, or untruthful after consultation with administration, the minimum consequence = 1 day suspension (in school or out-of school).

2nd Occurrence: Minimum consequence – one day in school suspension or three (3) days out of the class in which the occurrence happened with zeroes for that class. Maximum consequence if insubordinate, disrespectful, or untruthful is 3-10 days out-of-school suspension.

3rd Occurrence: Minimum consequence – 2 days of suspension (in or out-of-school) or 6 days out of the particular class with zeroes for that class. Maximum consequence if insubordinate, disrespectful, or untruthful is 3-10 days out-of-school suspension.

Continued classroom disruptions or habitual disciplinary referrals to the office may result in the student being removed from that class for the remainder of the semester, loss of credit, and/or possible expulsion. A parent conference and/or counselor referral may be requested after any occurrence.

In all out-of-school suspensions, students will receive zeroes for all classes missed during the suspensions and will not be allowed to make up the work.

Students will be ineligible to practice or participate in **any** extra-curricular or intra-curricular activities during an out-of school suspension.

Administration may, depending upon the nature of the student misconduct, deviate from or otherwise modify those steps listed above and immediately proceed to more severe disciplinary consequences including short or long term suspension or expulsion.

Following are examples of the type of student misconduct that could immediately result in severe disciplinary consequences such as short and/or long term suspension or expulsion. This list is not all-inclusive.

1. Physical aggression
2. Refusals/Disrespect toward staff
3. Foul/Obscene conduct or language
4. Destruction or theft of others' / school's property
5. Bullying / Sexual harassment
6. Repeated or multiple cutting of class, including study hall.
7. Habitual detentions or refusal or failure to serve assigned detention.
8. Habitual disciplinary referrals to the office.
9. Forgery – Cheating – 0 on assignment(s)
10. Setting off false fire alarms.
11. Bomb Threats
12. Any other serious breach of proper conduct.

A student may be disciplined for misconduct as determined by administration. Student discipline will conform with Board Policy.

Absence resulting from disciplinary actions or short-term suspension - Students who are removed from a class or classes as a disciplinary measure, or students who have been placed on in school suspension, will be allowed to make up assignments or exams missed during time they were denied entry to the classroom. Students on Out of School Suspensions will not be allowed to make up assignments or exams missed during the time they were denied entry to the classroom.

STUDENT DRIVING

Any student who drives any motorized vehicle to attend school is required by law to have a valid driver's license, and is required by this school to conform to a pledge of safe and responsible driving to be granted a driving privilege.

Students who drive to school shall park on the south side of the Vo-Ag shop of the Bainville School. A student's driving privileges will be taken away if he/she does not operate his/her vehicle in a safe manner around school property. All vehicles will remain parked from arrival time until dismissal time unless permission is granted by a teacher and administration. Driving at lunch time is prohibited.

The speed limit past school property is 15 miles per hour.

On any school-sponsored activity or trip, each vehicle used must be driven by a properly licensed and responsible adult (minimum of 21 years of age), and covered by the proper amount of liability insurance. A copy of the individual's liability insurance must be on file with the administration office.

Any student driving to a school-sponsored activities on his/her own is NOT considered a part of that activity unless approved by the Superintendent. Students violating driving rules, regulations, laws and policy will be disciplined according to the Superintendent's discretion. Should a second violation take place, all documentation will be referred to law enforcement.

STUDENT RECORDS

A student's school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the time the student withdraws or graduates. A copy of this record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records, if the school is given a copy of the court order terminating these rights.

The Superintendent is custodian of all records for currently enrolled students, withdrawn students, and graduated students. Records may be reviewed during regular school hours, upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any certified teachers, agents, or Trustees of the District; cooperatives of which the District is a member; or facilities with which the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are

- Working with the student;
- Considering disciplinary or academic actions, the student's case, an individual education plan (IEP) for a

student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504;

- Compiling statistical data; or
- Investigating or evaluating programs.

The parent's or student's right of access to, and copies of, student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students of the District, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

Certain officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request and without prior parental consent to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or a lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, the District will make a reasonable effort to notify the parent or eligible student in advance of compliance.

Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records.

Students over 18, and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to ask for a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and the student are not allowed to contest a student's grade in a course through this process. Parents or the student have the right to file a complaint with the U. S. Department of Education if they believe the District is not in compliance with the law regarding student records.

Copies of student records are available upon request to the Superintendent. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when the District is given a copy of a court order terminating the parental rights.

Certain information about District students is considered directory information and will be released to anyone, including military recruiters and/or post-secondary institutions, who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. The opportunity to exercise such an objection is provided on the form signed by the parent to acknowledge receipt of this handbook. Should circumstances change, the parent can contact the Principal to indicate his or her desire to change the original request. Directory information includes a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, dates of attendance, awards received in school, and most recent school attended.

Special Education Records

Parents of a student with disabilities who has been provided special education services by the District will be notified when any information that specifically identifies the student is no longer needed. If the parent requests destruction of the information and the time established by law for retention has expired, the records will be destroyed. However, if the retention period established by law has not expired, the material will be deleted from the records but the records will be maintained until the time has expired.

STUDY HALLS

The purpose of a study hall is for constructive academic work, reading, or receiving assistance from a staff person. General Study Hall Rules are:

- To enter the Study Hall with **school-related** material to keep busy for the entire class period.
- To report to another teacher, a pass must be presented at the start of the class from that teacher, authorizing the student to leave Study Hall and report to said teacher for assistance. Students must return to Study Hall 5 minutes before the end of the period, unless the pass specifies that the student may stay until the end of the period.
- To obtain permission to talk
- To stay seated

TRANSPORTATION

School Buses – Regular Routes

School bus transportation is a service and a privilege provided by the school District for students to and from school. We ask the cooperation of students and parents/guardians to be on time so the bus may stay on schedule. Drivers will wait approximately 5 minutes, if necessary, at established stops to wait for students who may be late; after which the driver will precede to the next stop. If a bus is late, please call the school so the bus can be located via radio to resolve any problems.

Bus drivers will make reasonable attempts to contact parents/guardians regarding inappropriate student behavior. See Disciplinary Procedures below.

During inclement weather/winter weather, students should take appropriate outer wear such as heavy coats, gloves, mittens, boots, blanket, head gear, etc.

School Buses – Extra-Curricular Activities

The above-mentioned rules apply to students riding buses to and from extracurricular activities. Exceptions to the above-mentioned rules may be made by the teacher/coach/advisor in charge of the trip, as he/she deems necessary. The teacher/coach/advisor is primarily responsible for student conduct and cleaning of the bus during and after extra-curricular trips. Students are expected to obey the wishes of the driver as well.

Bus Expectations

Rules for riding the bus are established to promote student safety and promote PRIDE behaviors. Students are asked to:

- Follow adult directions within ten (10) seconds.
- Keep hands and feet to yourself.
- Use polite and clean language.
- Pick up your trash.
- Stay seated.
- Voice Level: 0-2

School Buses – Disciplinary Procedures

Failure to comply and adhere to the Rules of Conduct for riding the school bus will result in the following consequences. Administration is responsible for correcting those students inappropriate behavior. Following investigation, administration may issue the following action:

Warning—Violation of bus conduct rules and/or when a student's misconduct is deemed to jeopardize the safety or welfare of other students or the operation of the bus. The first warning will be a verbal warning by the driver or person in charge during an extra-curricular activity.

Suspension—Repeated violations of bus conduct rules and/or when a student's misconduct is deemed to jeopardize the safety of the passengers and safe operation of the bus, or when repeated warning notices fail to correct inappropriate behavior, or when a student incurs damage to the bus.

Expulsion—Excessive violations of bus conduct rules and/or when a student's inappropriate behavior is so severe that safe operation of the bus and/or the safety of the occupants are willfully and seriously threatened.

The action taken by administration shall be recorded on the office discipline referral form. The driver shall be advised to file assault and battery charges against students who physically assault the driver. Under no circumstances shall the driver retaliate and physically assault any student.

The student or parent/guardian of the student who has been suspended from receiving transportation entitlement may appeal the decision by submitting a written statement to the Superintendent. The Superintendent shall render a decision after evaluating the issues and facts involved. If the decision is based on issues unrelated to those described in the District's rules of conduct for students riding buses, the decision shall require board concurrence before implementation.

VIDEO SURVEILLANCE

The Board authorizes the use of video cameras on District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property and to safeguard District buildings, grounds, and equipment. The Superintendent will approve appropriate locations for video cameras.

The Superintendent will notify staff and students, through staff and student handbooks or by other means, which video surveillance may occur on District property. A notice will also be posted at the main entrance of all District buildings, and on all buses, indicating the use of video surveillance.

The District may choose to make video recordings a part of a student’s educational record or of a staff member’s personnel record. The District will comply with all applicable state and federal laws related to record maintenance and retention.

Audio shall not be part of the video recordings made, reviewed, or stored by the District.

VISITORS AT SCHOOL

Bainville Public School extends an open-door policy to all parents and community members. Individuals wishing to observe classes or simply tour the school are welcome and encouraged by appointment at any time. Permission will be granted upon the Superintendent and Principal’s discretion in order to allow for the least amount of disruption for students and teachers.

All visitors are asked to check in with the main office. Because school security and student safety and welfare are major issues, the District must take steps to ensure a safe place for staff and students.

If materials or supplies need to be given to a student the office will deliver items to classrooms or issue a visitor pass.

If a non-attending student would like to visit Bainville School, a parent or guardian must contact the administration with the request. Proper approval from the administration and the classroom teacher must be obtained prior to the visit. We ask that the request be made as far in advance as possible.

WITHDRAWAL FROM SCHOOL

A student withdrawing from school must

- Report to the Principal or Superintendent's office.
- Present a parent/guardian signature and/or conference concerning the withdrawal
- Check in all materials, obtain teacher sign-off and withdrawal grades from classes.
- Check in all equipment (calculators, uniforms, etc.)
- Have parent/guardian complete a record release form, authorizing the release of student records to a new school District.

Completing all of the above will avoid delay in getting registered in another school, and having records of school work established for use by potential employers or colleges.
